

EDUCATION

Bachelor of Technology in Artificial Intelligence and Data Science, SRI MANAKULA VINAYAGAR ENGINEERING COLLEGE	2022 – 2026
B.TECH-Artificial Intelligence and Data Science 8.50 CGPA	
Amalorpavam higher sec school ,HSLC (12th Grade)	2020 – 2021
Percentage: 87%	
Amalorpavam higher sec school Puducherry,SSLC(10th Grade)	2018 – 2019
Percentage: 83%	

TECHNICAL SKILLS

Programming: Python
UI/UX: Figma
Data Tools: Tableau
Database: Postgresql,Mysql

PROJECT

BOOKIQ	2025
Role: UI/UX Designer Stack: Figma, Flutter, AI/ML Recommendation System Description:Developed a Flutter-based student marketplace app for buying, selling, and swapping used textbooks, featuring department-wise filtering, image uploads, and AI-powered price suggestions and recommendations.	
AI DYNAMIC PRICING ENGINE	2026
Role:Frontend developer Stack: React.js, Python, ML (Scikit-learn, XGBoost), MongoDB, Description:Developed a web-based platform that integrates machine learning to provide real-time dynamic pricing, demand forecasting, competitor analysis, inventory-based pricing, and revenue optimization through an interactive dashboard.	
Role: Cloud & Frontend Developer Stack: Python, Flask, AWS API Gateway, AWS Lambda, Amazon S3, Spark, ML, GenAI, LLMs, REST APIs Description:Designed an AI-powered food analytics system for demand prediction and GenAI-based inventory insights.	

CERTIFICATES

- AWS Academy Graduate-Generative AI Foundations
- AWS Academy Graduate-Data Engineering
- Python for Data science -NPTEL

ACHIEVEMENTS

- TITANIUM 2026 — Secured a Top 14 position out of 44 competitive teams at India's biggest fest organized by Rajalakshmi Engineering College (REC)
- NCAIDIET'25-A National Conference on AI-Driven Innovation in Engineering and Technology(Publication)
-

AREA OF INTERESTS

- UI/UX DESIGNING
