

RAMANAN A

Puducherry

Phone: [REDACTED]

Profile Summary

- Driven to create intelligent software solutions by combining artificial intelligence, automation, and full-stack development to solve real-world problems.
- Skilled in Python, software development, and modern engineering methodologies, with hands-on experience in designing, developing, testing, and deploying technology solutions.
- Passionate about research and technological advancement, continuously exploring emerging tools and transforming ideas into practical, high-impact solutions..

Relevant Coursework

• Artificial Intelligence	• Machine Learning	• Deep Learning	• Database Management Systems
• Statistics and Probability	• Research & Development	• Data Mining	• Data Visualization

Experience:

Google – Machine Learning Intern - Virtual

July 2025 - Sep 2025

- Worked with datasets to clean, preprocess, and analyze data, uncovering meaningful patterns and insights.
- Contributed to building, training, and testing machine learning models for prediction and data-driven analysis.
- Evaluated model performance using standard metrics and refined models to improve accuracy and reliability.

Amazon Web service – AWS:

March 2025 – jun 2025

- Gained practical experience with AWS services such as EC2, S3, IAM, and VPC by working on cloud-based projects.
- Learned to deploy, configure, and manage applications on AWS while following security and best practices.
- Improved knowledge of cloud computing, Linux, networking, and basic DevOps concepts through real-world tasks and projects.

Projects:

Smart Timetable Agent using AI:

- Engineered an AI-driven timetable management system to automate scheduling and optimize resource allocation. Improved scheduling accuracy by eliminating conflicts and reducing manual planning effort.

Technical Skills:

Analytical Tools: Excel, Google Colab, VS Code

Languages: Python, Java, SQL, C, DART

Tools & Platforms: GitHub, Pandas, NumPy

Education

Sri Manakula Vinayagar Engineering College

[REDACTED] in Artificial Intelligence and Data Science

Sep 2024 - Aug 2028

Pondicherry

Amirta Vidyalayam School

Sep 2023 - Aug 2024

Pondicherry
